Frozen Braised Napa Cabbage

Serves 6–8 (as a side)

Ingredients

- Napa Cabbage – 2 medium (any cabbage works here)
- Avocado Oil – 2 tbsp (or any high-heat oil)
- Ghee – 1 tbsp
- Garlic Cloves – 6, peeled
- Ginger – 3 knobs, peeled
- Jalapeño Pepper – 1 small, deseeded
- Chicken Bone Broth – 8 oz (Kettle&Fire or similar)
- Water – 1 cup

Notes

- **Braise Time:** The longer the braise, the softer the cabbage. A shorter braise leaves more liquid in the pan and a crunchier bite, so cook it to the texture you want.

Frozen Braised Napa Cabbage

Instructions

1. **Prep Everything**
   Clean the cabbages and cut each one into quarters through the core, so the leaves stay attached. Peel the garlic and ginger, deseed the jalapeño, and measure out the bone broth.

2. **Sear the Cabbage**
   Heat the avocado oil in a large pan over medium-high heat. Sear the cabbage quarters until browned on both cut sides (2–3 minutes per side). Remove from the pan and set aside.

3. **Sauté Aromatics**
   Add the ghee to the same pan along with the garlic, ginger, and jalapeño. Cook until softened and fragrant.

4. **Braise**
   Return the cabbage to the pan. Pour in the bone broth and water, cover, and bring to a boil. Uncover and let the liquid reduce for 5 minutes, or longer for softer cabbage.

5. **Portion and Freeze**
   Transfer to silicone molds and freeze overnight.
