Frozen Breakfast Burrito Meal Prep

Instructions

1. **Prep Everything**
   Chop the kale and whisk the eggs. Measure out everything marked with a spoon; the spices can all go in one small bowl.

2. **Brown the Turkey**
   Heat the oil in a pan over medium heat. Add the ground turkey and cook, breaking it apart, until browned and cooked through. Stir in all of the spices and cook until fragrant (30–60 seconds).

3. **Add Cottage Cheese and Kale**
   Stir in the cottage cheese and mix well. Add the kale (or other vegetables) and cook it down until the mixture starts to thicken.

4. **Cool the Filling**
   Transfer the turkey mixture to a bowl or plate to cool, where it will continue to thicken.

5. **Scramble the Eggs**
   Lightly scramble the eggs over medium-high heat until they are just cooked and creamy. Transfer to a container to cool.

6. **Portion and Freeze**
   Divide the turkey filling and eggs between the 6 tortillas and wrap them tightly. Arrange the burritos in a baking dish or on a tray and freeze overnight.
   Once frozen solid, move them to freezer-safe containers or zip-top bags. They keep in the freezer for up to 3 months.
